Dr. James Zoltan MAKRA

Reference: BMIA-01864, 29 June 1956 - sent FSIH 17 July

1. FBI files contain no information on Subject not available to NSB. We note NSB did not refer to BMIA-01855 and BMIA-01853 in para. 3 of the reference. We also note Subject is of common interest to FBI and NSB in the KIDNEY and WU-SCHLICKER #105 cases. Does para. 4 of the reference refer to either of these cases or is there a new security agent?

2. The last address FBI carries for Subject is Nicolai Platz 1/III, Munich which was valid in August 1954.

3. UPDWIN files revealed one point of great interest, namely that Subject's true name is Alexander FAMILK, born 17 December 1921 in Landorf, Slovakia. UP-  
WIN information is based on a report provided recently by an unidentified WU-  
SCHLICKER who claims to have known Subject since childhood. FBI is naturally  
interested in determining the validity of this information and we are interested  
in further NSB comments. Is there a possibility that there are two Zoltan MAKRA's  
active in the Munich intelligence community? Certainly a consolidation of in-  
formation on Subject is in order.
